Changes to Residential Energy Efficiency / Conservation Rebate Programs

Effective January 1, 2016, our residential energy efficiency / conservation rebate programs have changed.

The appliance rebate program now includes a \$300 rebate for new heat pump water heaters and the maximum rebate for eligible appliances (other than the heat pump water heater) has increased from \$75 to \$150.

The Home Improvement Incentive Program rebate has changed from \$300 / \$500 levels to a \$500 rebate, up to 50% of the project cost.
